

# Open centre for networked languages and multimedia- CLEREMO

## **The Open centre for networked languages and multimedia :**

- \* Contributes to the development of language-learning for initial and continuing training,
- \* Participates in UPPA's international programme, particularly in the development of cross-border languages and welcoming foreign students,
- \* Offers face-to-face, semi-autonomous, or autonomous language courses,
- \* Offers learning resources accessible online, which can be used on the premises or off site,
- \* Contributes to reviews on language certification at UPPA,
- \* Offers and organises certifications and tests, in its centre and within UPPA.
