

International Doctoral Mobility grants program

Edition 2019 - 1st session

List of selected candidates (by alphabetical order)
According to the decision of the Board of Trustees, on February 15th, 2019

Name & First name	Currently enrolled in	Thesis Subject	Thesis Supervisor	Hosting laboratory
Batagianni Eleftheria	2nd year of Ph.D	Synthesis and Characterisation of Amphiphilic Copolymers for Bioelectronic Applications	Roger C. Hiorns	University of Cambridge, UK
Bouter Maxime	3rd year of Ph. D	EU ETS market reform and carbon price shock impact in the Business cycle	Jacques Le Cacheux	Stockholm university, SE
Chatillon Elise	2nd year of Ph.D	Microbial functional diversity and biodegradation of the hydrocarbons in a land sea continuum	Cristiana Cravo-Laureau	University of Copenhagen, DK
Drebezhgova Viktoriia	2nd year of Ph.D	Antibacterial Activity of Liquid Silicone Elastomers	Corinne Nardin	University of Twente, NL
Lesquerbault Delphine	2nd year of Ph.D	Mechanicals and transfer properties modifications on low-pH concretes interfaces induce by sulfatique attack and carbonation	Christian La Borderie	Université de Sherbrooke, CA
Moreno Rodrigo De Freitas Bruno	2nd year of Ph.D	Energy Markets in the Presence of Renewable Energies	Carole Haritchabalet	Université de Liège, BE
Moulian Rémi	2nd year of Ph.D	Caractérisation des espèces métalliques, des asphaltènes et de leurs interactions dans le coupes pétrolières lourdes appliquées à l'hydrodémétallation	Brice Bouyssière	Florida State University, EU
Poncet Pierre-Antoine	2nd year of Ph.D	Characterization of wave impact loading on structures at full scale: field experiment, statistical analysis and 3D advanced numerical modeling	Stephane Abadie	University of New South Wales Sydney, AU
Richy Etienne	2nd year of Ph.D	Role of the diversity of microorganisms in the peatland functioning in a Global Warming context	Béatrice Lauga	Universidad Miguel Hernandez, ES

E2S UPPA Executive Director,

Gilles Pijaudier-Cabot
