

Call for applications “ PhD grants ”

Edition 2019

Laureates list (by alphabetic order)

According to the decision of the Board of Trustees, on September 20th, 2019

| Phd Grants co-funded by the Lebanese CNRS and UPPA | | | | |
|---|---------------------|--|--|---------------------------|
| Candidate | Laboratories | Theme(s) | Subject | Thesis Supervisors |
| EL DOR Abbas | SIAME | Energy Geophysics/Georesources Environment | Performance optimization of a new sine-helical channel multifunctional exchanger | Le Guer Yves |
| EL SEBLANI Rim | IPREM | Environment | Innovative analytical methods for determining the role micro- and nano-plastics in the transport of contaminants in the marine environment | Szpunar Joanna |
| KASSAN Mouna | LMAP | Computer sciences Materials Mathematical modelling | Magnetostriction modelling in ferromagnetism | Carbou Gilles |

| Phd Grants co-funded by UNIZAR and UPPA | | | |
|--|---------------------|--|--|
| Candidate | Laboratories | Subject | Thesis Supervisors |
| GRACIA-PUZO Francho | LFCR | The Sigues Fold as a Geological Reservoir Demonstrator | Charles Aubourg (UPPA) / Casas Sainz Antonio (UNIZAR) |
| RODAU Adrien | LMAP | Topological invariants of plane algebraic curves (Geometric topology, low dimensional manifolds and knot theory, Algebraic geometry) | Vincent Florens (UPPA) / Enrique Artal Bartolo (UNIZAR) |
| RODRIGO SANJOAQUÍN Javier | MEPS | Development, implementation and evaluation of a school programme aiming to promote behaviours benefiting Health and the Environmental, for children in Huesca and Tarbes | Julien Bois (UPPA) / Javier Zaragoza Casterad (UNIZAR) |

E2S Executive Director,

Gilles Pijaudier-Cabot
